SPRING

A Pack of Wolves (Vicki Leon)

Name: ALEXANDRA Female Male School: _____

1. "Wolves have very good senses." From what you have read, prove this statement using the following chart:

Sense	Example
eyes (sight)	Wolves have yellow eyes that look like they glow in the dark. Having yellow colored eyes helps them see. They can see a rabbit 350 metres away.
ears (hearing)	wolves can hear mice under ground and have large ears
nose (smell)	When the wind is just right a wolf can smell its pray over a kilometre away

Note: I didn't know any of these facts before and reading the little section on a wolves senses helped me to understand how wolves catch their pray

2. What do you think the wolf who is on the ground (picture, page 5) is learning?
 I think its learning that its rank in the pack is lower than the other wolfs and that the other wolf, who looks quite angry, is not going to put up with him.
