1. Using the Venn diagram, compare steel coasters to wooden coasters. Use the back of the page for your answer.
2. Examine the chart "Roller Coasters Over Time." What are two things that surprise or interest you in the timeline?

Two things that interest or surprise me in this timeline  
are how roller coasters have evolved since the 1400's and  
how different each of the different roller coasters are.

3. Using the back of this page, diagram with labels to explain the details of North America's first roller coaster.
4. What do you predict will be the next improvement in roller coasters? Why?

The next improvement in roller coasters will be they  
will become faster/more dramatic.  
They will have even more drops, twists and turns.

5. Was this easy or hard to read? Explain why.

This was easy because most of the words used are  
commonly read or spoken.
