

ONE BRAVE HEART (Suzanne Moyers)

Name: Georgia Date: _____
Gr. 6

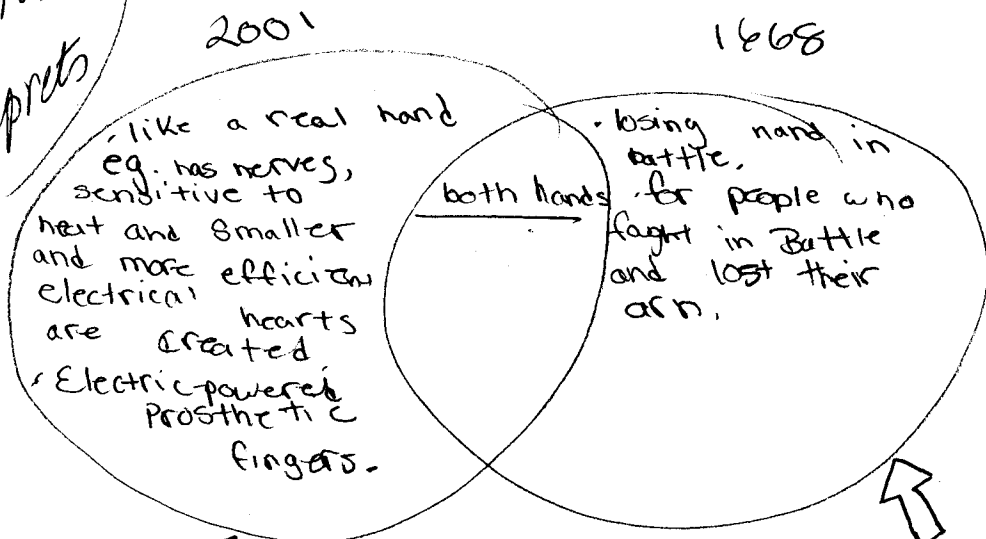

1. Tell 4 details of Rudy as a baby and young boy that explain why he has artificial legs.

Rudy has a disease called Pterygium Syndrome. This disease is in his legs, it prevents him from straightening his legs. He also had webbed fingers, club foot, and a cleft palate.

incomplete

2. Using the chart on pages 4 and 5, compare the prosthetic hand of 1668 to one designed in 2001.

compares + interprets

I would like the modern from 2001 because it is like a real hand!
